

**“Today’s Preparation Determines Tomorrow’s Advancement”**

**FIRE OFFICER DEGREE – Associate of Applied Science-Transfer**

Are you interested in becoming an officer? Is a four-year degree important to you? The Edmonds Community College Fire Officer Degree (FOD) program is designed to develop technically competent fire officers who are highly skilled and seek advancement in the fire fighting profession. Our program articulates with selected four-year universities including Eastern Oregon and Western Oregon’s Fire Service Administration degrees. Your fellow students have fire department affiliation and also want to improve their general education and fire fighting command expertise. Instructors are highly recognized officers who look forward to assisting you gain the knowledge to advance within the fire service.

Courses are offered to give you flexibility in arranging a class schedule that fits your busy life; including online and hybrid (online with two to three in-class sessions). Additionally, you may be able to earn college credit for training that you have received through your department or the National Fire Academy. Visit <http://priorlearning.edcc.edu> click on Academic Departments then select Fire Officer Degree for more specific information. Optional IFSAC testing will be arranged for appropriate courses; you will pay an additional fee to the testing agency.

We invite you to take the next step to reach your professional goals. Contact Pam LeMay (425) 640-1371 or [plemay@edcc.edu](mailto:plemay@edcc.edu) for support and more program information.
